

Commands

Save Parameters to Flash

Restore Parameters from Flash

Restore Defaults

Start Inverter in manual Mode

Stop Inverter

Display Error Memory

Reset CAN Mapping

Send Custom Command

Wifi Settings

For all Support Please Email support@zero-ev.co.uk

Board Serial Number:

Update

Use binary files (stm32_sine.bin) for updating inverter firmware. Upload any other file for updating this web interface.

Choose file	No file chosen	Upload	

Parameters

Parameter Reference

<u>Download Parameter File</u> Downloads the parameters as per the last table update

Choose file No file chosen Upload

Type new value and hit enter to change. Only change one value at a time.

Messages: Clear
